A handwritten preface: OUTER-art 5  
by the Outer-Artist

This album is a collection of childish, unpolished, wrong, bad, unskilled, silly, stupid works of (artless) art.

Because everybody tries to make the best and most beautiful art, I do the opposite: the ~~worst~~ and ~~ugliest~~ where I am often... successful!

Let's exercise in <sup>★</sup>pre-art

sub-art

ante-art & anti-art

non-art & not-art

or nox-art (from equinox)

ex-art (out of art)

out-art and especially outer-art

para-art, animation art, ~~electronic art~~

hostis-art, mis-art and mass-art

mini-art & mega-art

inner-art or intra-art

artart or nonart-art

neo-art, extra-art, multimedia art

counter-art & contra-art

post-art, interacting art, computer art

funk-art

maive-art, infantile art

odi-art

malus-art

mises art (from hatred art)

phobos-art

un-art (as unmatter) and anart

pseudo-art

altered-art & alternate art

erro-art, errant art...

nihil art, total art.

There are no more prefixes for...-art!?  
Let's mix all of them and invent new ones  
and form a **UAT**  
= **Unification of Art Theories.**

This book is entirely **holograph** in today's computer era.

 From: Jean Dezert <Jean.Dezert@corona.onera.fr>  
 Subject: Liste de papiers pour la session Fusion 2003  
 Cc: Jean.Dezert@onera.fr

Merci, Jean, j'ai reçu les papiers. C'est très bien. J'essaie maintenant de la présenter à quelques jour de grand tirage.

La conférence est citée dans les sites roumains  
[http://www.ad-nara.ro/posts/view\\_post.php?post\\_id=132&](http://www.ad-nara.ro/posts/view_post.php?post_id=132&)  
<http://www.ad-nara.ro/mypage/index.php>

C'est urgent de faire la liste des articles à être présentée jusqu'au 15  
 Février (le deadline a été étendu).

Feng Liu de la Chine m'a envoyé par e-mail un article. Il y a deux articles, mais est  
 plus philosophique. Si nous n'avons pas suffisamment d'articles l'on en aura encore.

Mad Koshcheyev, qui ira en Australie de la semaine prochaine, a dit qu'il a envoyé deux  
 VPS. SVP, dites-moi sur la liste si elle est ok?

Florentin

Cher Florentin,

Voici la liste des articles potentiels que nous pouvons proposer à B. Ristic (responsable des sessions  
 spéciales). Les articles sont approximatifs de l'instant et les auteurs doivent me fournir les informations  
 manquantes avant le 1er Février car je dois transmettre cette liste à B. Ristic pour cette date. La  
 soumission des articles peut être faite plus tard car les camera ready doivent être prêts pour le 15  
 février. Faites le maximum de votre côté pour obtenir les abstracts (même provisoires) de J. Brenner et F.  
 Liu.

Il faudrait que l'on puisse soumettre au moins 8 articles pour ainsi avoir notre session bloquée sur l'  
 matinée ou une après-midi. Si on veut et si on a le temps on peut aussi redonner les articles 8 et 9. Je vais  
 relancer les auteurs des papiers 10 et 11. J'espère que le papier 6 sera OK. J'attends des nouvelles de  
 Patrick à ce sujet. Le thème sera un peu plus éloigné de la DSMT mais il est acceptable dans la session  
 car il traite de l'information paradoxale. On devra peut-être changer le titre de notre session pour élargir  
 le thème de celle-ci.

afin que tous les articles ci-dessus collent bien à notre session et que les organisateurs de F2K3  
 acceptent notre session (cela devrait être OK mais il ne faut pas trop parler de la non-venue de F. Liu et  
 Brenner. Il faudra que vous présentiez ces papiers pour eux, mais cela devrait être OK pour vous je  
 pense.
